FOR IMMEDIATE RELEASE

Ewing Further Expands Arizona Footprint, Opens New Branch in Surprise

Marking its 19th location in the state, Ewing adds a branch in Surprise to expand service to the Northwest Valley.

April 15, 2009, Phoenix, Ariz. – Adding convenience to contractors in the Northwest Valley, Ewing Irrigation Products opens a new location in Surprise.

Located at 17194 N. Dysart Rd., the 10,500-square-foot Surprise facility runs under the management of Mike Mackey, a 15-year Green Industry veteran. Joining Ewing in 1994, Mackey is a Licensed Texas Irrigator and maintains a certification through the Interlocking Concrete Pavement Institute (ICPI).

Having previously worked as a landscaper in Michigan, Mackey understands what distributors need to bring to the counter to best serve their customers' needs.

“Our customers can expect to be treated in a friendly and professional manner,” said Mackey. “We take the time to get to know every customer in a way that allows us to customize our offerings to their needs.”

The new location will provide service to the cities of Surprise, El Mirage, Wittman, Wickenburg, Youngtown, Sun City, Sun City West and Sun City Grand.

Mackey plans to serve his customers with the broadest product offering and in-stock availability in the industry. “I want this location to be *the* single source supplier for all things landscape and irrigation.”

Ewing first entered the Arizona market in 1994, with the relocation of its headquarters from San Leandro, Calif. to Phoenix, Ariz.

About Ewing

Ewing is the premier source for conservation solutions, and a leading authority on the latest water management products, trends and best practices. Ewing provides water management solutions, commercial and residential irrigation supplies, landscape and agronomic products, hardscape products, landscape lighting, erosion control, water features and industrial plastics to professionals serving the landscaping, turf, golf and industrial industries.
